COMMUNITY COUNCIL BUSY MEETING

The Strathmore and District Community Council held their first meeting for the Fall term in the Town Hall Monday evening, with a very representative audience for this busy season.

President T. S. Hughes conducted the meeting. Minutes of previous meeting were read by the Secretary Rev. Ford and adopted as read. The minutes showing a bank balance of \$1825.50.

Items arising from the minutes were discussed chief of which were matters pertaining to the Swimming Pool.

A motion was passed that Supervisor Eddie Vermut be asked to close and drain the Pool for the winter.

A vote of thanks was passed to the Committee for their efficient care and interests.

Rates and period for insurance was brought up and Mayor Hughes agreed to look after this.

A tentative constitution had been prepared by Mr. McMurray and was discussed clause by clause by the meeting. A few changes were made but on the whole the draft prepared was considered satisfactory and a motion that the Constitution with the few amendments be accepted as a whole and a hearty vote of thanks was passed Mr. McMurray for his work - also Mr. Milligan for typing.

The chairman called on Mr. Crowther to report progress re the Reserve Army, who stated that progress was being made slowly. Strathmore stands second on the priority list and some officers had been provisionally arranged, but as yet there is very little definite to report.

As a result of the Questionnaire sent out in the Spring - the following activities were decided on and committees chosen as follows:

Hockey and Skating — W. Wood, Hife, J. Grellin, T. S. Hughes and Geo. Palardy.

Handicrafts, Men's, Anson Chase, R. J. Milligan, Mr. Hiebert, S. L. Mott.

Women's — Mrs. Harley Willson, Mrs. Maggs, Mrs. Garrett.

Music and Drama — Mrs. Polley, Rev. D. A. Ford, G. H. Patrick.

Library — Rev. A. A. Hamilton, S. H.

Crowther.

Finance Committee — Mr. Willson and Mr. Colpoys.

A supervisor for the Skating rink is to be provided if possible.

The Annual Meeting will be held in November prior to the 15th of the month.

Generous donations were made for the upkeep of the Swimming Pool by The Town Council, Canadian Legion, Masonic Order (both Lodges), U.F.A. and the Hockey Club.

A projector has been purchased and will be ready for use in the near future. A Nominating Committee was arranged to bring in a slate of officers at the Annual Meeting - voting if necessary to be by ballot.

The meeting adjourned at 10:30.

W. I. D. Notes

Weather permitting, water service will be given to the farmers until October 6th. Immediately after that the canals and structures will be closed for the winter.

Water users should, therefore, fill their ponds and reservoirs as soon as possible. Do not leave this until the last day as something might happen to interrupt your supply and sometimes it is necessary to re-fill a reservoir because of shrinkage. The Ditch Riders will co-operate in every way.

Do not forget to give your tree belts, pastures and hay meadows a late irrigation and if you have the time, you may as well try some fall irrigation on a stubble field or sub-moisture to germinate the seed next spring. If we have an open fall, you can plow the stubble field after the surplus moisture disappears. Water should be spread during fall irrigation just the same as summer irrigation and should not be left to flood the low areas and leave the higher land dry and untouched.

Water users are also asked not to forget to pay their water rates at an early date.

LIONS CLUB MEETING

The Lions Club held their regular meeting Thursday of last week, and owing to the harvest weather had only a small turn out of members. Guests present and introduced to the club were Rev. Arthur Hamilton and Bill Jones.

An excellent dinner was served by Messrs W. E. Thompson, J. Fonger and E. Thurston.

An announcement was made of the visit next day of Roy K. Thompson, secretary of the Institute for Blind, and it was suggested that the club hold an auction sale and carnival sometime in the near future.

The financial statement was read by the treasurer.

Some discussion was held concerning the possibility of recommending changes in the award system, and these will be passed on to the forthcoming zone meeting to be held in Beltsker.

A short talk on some of the methods used in the printing industry was given by Chuck MacLean.

11.21 AM

Gordon Grant, fifteen year old son of Mr. and Mrs. Johnny Grant, of Standard, Alberta, received word on Monday afternoon that he had been selected for the "Dow Award" of One Hundred Dollar Victory Bond and a framed illuminated citation for his heroism when a School Bus in which he was a passenger, overturned on September Eighteenth.

There were twenty three other children in the bus at the time of the accident. The driver was Arthur Grant, Gordon's uncle, and he was pinned underneath the steering wheel. Gordon managed to release his uncle, and to assist him in tearing out the ignition wires, which were saturated with gas and smoking. Later, he used

a fire extinguisher to lessen the danger of fire, likely saving further casualties.

Gordon was hauling wheat from a combine to a granary on his father's farm when he received the telegram announcing the award, and was too surprised to find words to express his pleasure.

His uncle, Arthur Grant, when informed of the award said "That sure is swell — if it hadn't been for Gordon I might not have been here today." Gordon's father said "Gordon had always been a level headed youngster and I am sure he will always cherish the award and citation. . . I guess he is too surprised to say much himself. He has been very reluctant to take any credit for what he did. . . but I am sure that he would do the same thing again. Gordon has said all along that "He did just what he had to do, the same as anybody would have done."

WEDDING

RUMOHR—NELSON

The Sharon Lutheran Church, Calgary was the scene of a very pretty wedding at 4:30 Sunday, September 22, when Miss Elaine Marie Nelson, youngest daughter of Mr. and Mrs. N. P. Nelson, became the bride of Mr. Hugh Donald Rumohr, son of Mr. and Mrs. Rumohr of Patricia.

The bride, given in marriage by her father, wore a beautiful floor length gown of heavy peach satin. Her finger tip veil was held in place by a rose and blue satin bandeau. She carried a bouquet of white gardenias centred with pink roses.

Miss Alana Nelson attended her sister, and wore a blue sheer floor length gown and carried pink carnations.

Mr. Verne Bodmer, close friend of the groom was best man.

Rev. Theo Hansen officiated at the ceremony.

The bride's mother wore a black sequin trimmed frock and wore a corsage of pink roses.

After the ceremony the reception followed at the Sky Room, where approximately seventy guests were seated for the delightful supper, after which an hour or so of dancing was enjoyed. The guests then went to the home of Mr. and Mrs. N. P. Nelson, where the gifts were admired, and a social hour was spent.

The bride chose for her going away outfit, a grey wool dressmaker suit, and matching hat, a rose top coat, and black accessories. After a short honeymoon in Banff, the couple hope to make their home in Calgary.

Out of town visitors were from Standard, Patricia, Drumheller and Chancellors.

OBITUARIES

ANDREW REIFFENSTEIN

Funeral services for Mr. Andrew Reiffenstein were conducted by Rev. Rasmussen of Wayne, Tuesday afternoon, September 17th at 2:30 p.m. at the Lutheran Church at Standard. His six sons were pall bearers and his grandchildren carrying the flowers formed an aisle for the casket. Interment was in the Standard cemetery.

Mr. Reiffenstein was born March 24 1867 at Veiby, Denmark. On February 2, 1892 at Aarhus, Denmark, he married Katherine Vackman and one week later they left Denmark for America. They first settled at Garner, Iowa and farmed there until 1917 when they with their family moved to a farm east of Standard. In 1937 Mr. and Mrs. Reiffenstein retired and moved to town and the youngest boy, Hans, took over the farm. In 1942 the couple celebrated their golden wedding. Mr. Reiffenstein had been in very good health despite his 79 years until two days before his death when he suffered a stroke in his garden and lapsed into an unconsciousness from which he did not recover.

He leaves to mourn his widow Katherine, seven daughters: Mrs. Jim Sanden, Hussar, Mrs. Nels Andersen, Lacombe, Mrs. Otto Christensen, Standard; Mrs. William Andersen, Westlock; and Mrs. Charlie Madsen, Chancellors; six sons, Fred and Walter Didsbury, Charlie and Blinzie, Chancellors, Hans, Standard, and Clarence of Chico, California, 47 grandchildren and great grandchildren.

Sudden Death Of D. V. Belts

The very sudden death Tuesday afternoon of Mr. Douglas Verne Belts, 52, cast a gloom over the community.

Mr. Belts had gone about 3 p.m. to look after some cattle pasturing near later in the afternoon Mr. Grimshaw saw the car standing in the field and half an hour later seeing the car still standing there, went over to investigate when he was shocked to see Mr. Belts sitting in his car dead.

Cpl. Mott and Dr. Giffin were both notified and on examination found death had been due to heart trouble.

Mr. and Mrs. Belts came to Rockyford district from Pendleton, Oregon in about 1916 where they farmed for about 16 years, and where their four children were born.

Later they moved to a farm near Namaka, where they continued to reside, until about three years ago, when they moved into Strathmore.

Shirley the youngest child passed away about seven years ago.

The remaining children, Mason, Darrell and Verna, now Mrs. Carney Cook attended school in Strathmore. When war broke out Mason and Darrell both enlisted in the American Army, from which they were discharged about a year ago.

Mr. Belts was of a quiet disposition and a good neighbor. To his widow and family the sincere sympathy of the community is extended. Besides

Mrs. Margaret Jean MacDonald of Berkeley School, Granger, has been awarded the Dr. George Kerby Grade IX Memorial Scholarship of \$50.00 for the highest marks in a one-room rural school on the recent Grade IX departmental examinations. Miss MacDonald is now attending Mount Royal College in Calgary.

Young People Elect Executive

A meeting of the newly organized Young People's Group was held in the school on Friday afternoon, following classes, and election of officers for the term took place.

President is Hope Christensen; 1st Vice, Ruth Way; Treasurer, Donna Macle and Secretary Violett Lugg.

A series of programs was discussed, and a meeting is planned for Tuesday October 1st.

PERFECT WATER SUPPLY

Chlorine dioxide water treatment, assuring a supply of perfect water, potable and palatable, has been installed at the Calgary Power Company's filtration plant at Camrose. It is the only one of its kind thus far in the province.

his wife, daughter and two sons he is survived by his mother, two sisters, and one brother in Pendleton where his mother still resides, and two grandchildren.

Funeral Services will be conducted Saturday, September 28th in the Park Memorial Chapel with Melnis and Holloway in charge.

Fire Alarm Last Saturday

The volunteer fire brigade and many citizens responded to the insistent peal of the fire bell last Saturday night, to answer an alarm coming from P. D. Stollery's residence on First Street. The strong wind that night had whipped up a blazing fire from a small kitchen fire, and threatened to spread the flame.

By the time the fire brigade arrived Mr. Stollery had controlled the blaze at the stove itself, and was only worried about a possible chimney fire. The brigade erected a ladder, and climbed the roof to check any possible blaze in that direction.

Such hasty action on Mr. Stollery's part was very fortunate, for, with the wind blowing so strongly as it was, the fire might very easily have become a threat to the entire town.

DEMOCRACY'S CRUCIBLE

Democracy is in the crucible today as never before. These are difficult times for all human institutions and difficult times are testing times.

Crucibles refine; they burn out the dross and leave only the pure gold. And democracy must be purged of its dross during these post-war days. If it cannot be made to serve all humanity's need in every sphere it may perish in the fires of human passions.

Moral processes accompany all great tragedies and catastrophes in

the life of a nation. This is so because the Universe is a moral order laid deep in moral foundations.

Our post-war days have reduced all the nations' organizations and worlds' organizations to a state of fluidity. This is the moral significance of the tumbling of thrones and crashing of governments that has accompanied the end of the war.

Democracy, too, has its moral foundations. Certain moral concepts undergird and sustain it. Briefly stated they are the moral concepts of mutuality of life and the rights of every individual here upon this earth.

In its early struggles democracy's purpose was chiefly the striking off of the shackles which the kings and

governing lords had fastened upon their subjects. The individual wanted to be free; free to decide his own destiny as far as possible. He resented being a pawn on the checkerboard of war on which kings and lords played their games for greater power and prestige. They felt little too noble to exchange it for a bit of real estate for their rulers. And the world is not yet free from imperialism and its claims on the lives of its subjects for national glory.

But people must have some form of government, and they wanted a voice in the selection of the men who should govern them. They wanted the power in their own hands to de throne, or destroy those who rule as tyrants. The struggle has been a long and arduous one and is not yet at an end.

There is still some work to be done. Democracy must be purged of the corruption, or double-dealing that is not alien to those in power, or in search for power. Until that has been achieved it will not serve humanity adequately in this new world and in the atomic age. Greed and lust for power which disregard human and moral values must go.

Such was the spirit underlying the early struggle for democracy in the political field. It was a struggle against the abuse of ruling power; against the ruler's habits of devaluing life and human personality.

It is this political phase of democracy which Russia has seen fit to ignore. There, the subject is still but a cog in the machinery of the state, and in the economic field as well. Should he question too loudly the ruling power's methods or plans, danger would immediately hang over his head. The authorities have been known in such cases sometimes to strike with lightning-like swiftness to destroy the termites that might endanger the foundations of dictatorship.

Why then, do we ask, does Russia insist on calling herself a democratic nation? We do not understand her language.

Since the turn of the century amid the industrial development accompanying that period the economic life and habits of the nations have undergone vast changes. Governments, even in democratic countries have found themselves compelled by the circumstances of this development to take a hand in regulating economic and industrial life. They have been much more reluctant in this matter than many people think. But most of these regulations have been of some benefit to a large portion of the people.

Russia, prior to the Soviet Revolution was sadly lacking in her industrial and economic development. Hence, after the revolution which had for its chief aim the betterment of the economic status of the people, they neglected, or ignored the development of a political democracy and retained instead much of the harshness and severity of the old Czarist regime. They sought rather to apply democracy in the economic life of the nation.

That is why, we, who think of democracy in political terms cannot understand the Russian when he speaks of democracy. He speaks and thinks of it only in terms of the economic well-being of their people. They seek to level the economic status of their people upwards. Freedom from want, not spiritual freedom in the moral realm is the foundation of their thoughts about democracy.

They do not think us democratic in the true sense of the word. They do not speak of us as such, but as "capitalistic" nations, showing that they think of democracy in economic, not in political terms as we do.

Russian ideology is not the only foe which western democracy must meet. There are destructive influences within that must be reckoned with. Of these we shall speak later on.

**MEET HUMAN NEEDS.
HELP S. A. APPEAL****AIR MARSHAL ASKS**

Montreal, September 14—"Remember the human needs that make The Salvation Army's Home Front Appeal necessary," Air Marshal William A. Bishop, V.C., C.B., D.S.O., M.C., D.F.C., E.D., LL.D., urged in a message yesterday.

The 1946 appeal will be inaugurated tomorrow at services in Salvation Army Citadel and the general canvass opens Monday at many points across the country. Objective is

\$2,000,000 to care for deficit on public welfare operations and to permit of some expansion in social service facilities.

Air Marshal Bishop, who is chairman of The Salvation Army National Advisory Board, declared that, in its functions in behalf of suffering and erring humanity, The Salvation Army was incurring an annual deficit now exceeding \$1,000,000.

"Few will dispute the need for making good this deficit on work for the poor, the ill and erring," said Air Marshal Bishop.

National Immunization Week

(An editorial from the forthcoming issue of the Magazine Health)

National Immunization Week will be observed in Canada during the week of September 29th. Again, the Health League of Canada, will call attention to the urgent necessity of immunizing against those scourges of childhood — diphtheria, whooping cough, scarlet fever and smallpox. It is a tragedy that these diseases, so largely preventable, still exact their toll of death and disability from Canadian children.

The present increase in the number of cases of poliomyelitis, or infantile paralysis, has attracted nation-wide attention. The maximum number of cases of this disease in any one year since, and including, 1940 has been 1,881, with 68 deaths in 1941 — the average, 760 cases per year.

Over the same period there have been 628 deaths from whooping cough alone in a single year — on an average there have been yearly close to 17,000 cases of whooping cough, nearly 3,000 cases of diphtheria and over 17,000 cases of scarlet fever. Vaccination fortunately has diminished the ravages of smallpox and in numerous years there have been no cases reported.

The above figures, however, should give us something to think about. To prevent the spread of poliomyelitis we have only ordinary public health measures. There is no way of creating an immunity. In the case of the other communicable diseases of childhood named above there are specific means of prevention.

National Immunization Week is designed to call special attention to the urgent need for action by parents. Diphtheria, whooping cough, and scarlet fever could be banished from our country if only parents would see to it that their children are immunized. Health Departments and practising physicians are ready to help any time during the year.

It is up to parents to act NOW.
(HEALTH is the official publication of the Health League of Canada)

ATOMIC INSURANCE PROBLEM
Arthur Peake, life manager and actuary for Canada of the Prudential Assurance Co. of England, said existing life insurance premium rates are unsound in view of the hazard of atomic bombing. He said a war clause should be inserted as soon as war becomes imminent, without waiting for it to be declared.

London's Burning,
London's Burning...

Although next week is Dominion Fire Prevention week, we're taking time this week to get ahead of it. Fire won't wait.

Strathmore was given a warning and second chance last Saturday night; we may not get a third one.

A small blaze broke out in a local home on Saturday night about nine o'clock, with a fierce wind blowing. The fact that the wind was blowing against the peal of the firebell helped to slow up the response from the volunteer brigade, but what was much more important was the fact that the fire truck would not respond. Repeated efforts to get it moving were necessary.

By the time the fire brigade arrived the fire had been brought under control. In this instance, the town was lucky, but another chance blaze may not be brought under control so readily.

According to the town man, the fire truck moves easily . . . it is tested and driven each Sunday. But the driver who made at least a dozen unsuccessful attempts to start it on Saturday is a mechanic . . . competent to drive.

Surely, our fire truck should be in such shape that it may be driven by anyone, and not so finicky that only a man who "knows the feel" if it is capable of driving it. We can by no means count on his always being available to drive.

While we're on the subject, would not a siren in the local phone office be preferable to the present bell? It would not only save considerable time in giving the warning . . . which must always go through "Central" . . . but it would be unmistakable in its meaning. War assets would have a few sirens lying around.

SECRETARY OF BLIND
VISITS STRATHMORE

Roy K. Thompson, secretary of the Canadian National Institute of the Blind, Alberta Section, visited Strathmore on Friday last, and visited nearly all of the businesses in town on business calls.

In company with W. E. Springthorpe, secretary of the Strathmore Lions Club, sponsors of much blind work, Mr. Thompson and his seeing eye dog, Wanda II, visited with many citizens of Strathmore and secured, in their progress, numerous donations to the work of the Association. Subscriptions in town for the day ran to over \$150.00.

In the afternoon, Mr. Thompson and Mr. Springthorpe visited the Strathmore School and held a short chat and discussion with the students.

CARSELAND
By Miss H. McK.

Mr. Harold Roe and family of Michigan, are visiting with his parents Mr. and Mrs. F. Roe and his brother Joe.

Mrs. H. Staub, Ferry and Patricia were week end visitors to Carceland.

Mr. A. Briscoe spent a few days with Mr. and Mrs. L. Briscoe, before returning to Vancouver for the winter.

In an exchange of ministers for temperance Sunday Rev. Mr. Sieber paid Carceland a visit while Rev. Hunt returned to Cochrane to conduct services in exchange. A fair crowd was in attendance to hear the very appropriate sermon delivered by Mr. Sieber for temperance Sunday.

Mrs. T. Wright of Calgary is visiting at the home of her father, Mr. Wiley Bishop.

Mrs. J. A. Comeau and twins of Edmonton are visiting with her parents, Mr. and Mrs. W. Laurie.

Mr. and Mrs. D. Laurie and child of Vancouver are expected to arrive on Saturday to spend two weeks holidays with his parents, Mr. and Mrs. W. Laurie. Dave is at present employed by the RCAF at Vancouver.

Mr. O. Moorhouse paid a surprise visit to the community this week.

The sincere sympathy of the community goes out to Mrs. W. Melendy in her recent bereavement.

Miss Dorothy Larsen spent the week end at home with her parents, Mr. and Mrs. W. Larsen.

Carceland is keeping up with the modern age in quick delivery service. Monday morning Robert Jackson landed his plane in a wheat field, did his shopping, which included a brick of ice cream, and was home before the ice cream had a chance to thaw. Perhaps the altitude had something to do with it.

The October meeting of the P.B. Club has been cancelled.

STANDARD

(By Mrs. R. G.)

Mr. and Mrs. Albert Duvaal of Middepoint, Ohio are visiting Mr. and Mrs. Axel Larsen.

Mr. Clarence Reiffenstein came from Chico, California to attend his father's funeral.

Miss Evelyn Jensen has gone to school at Chum.

Mr. Harriman who was assistant high school teacher has left to take a University Course. Grade XII will not be taught this year at Standard so the pupils of that grade have left to attend school elsewhere.

Last Wednesday morning the community was thrown into a state of excitement when the school-van driven by Art Grant turned over one and a half times and landed in a field, due to a broken spring. The twenty-four children on the van were all shaken up and some suffered sprained ankles, wrists and fingers. Only two were seriously injured. Margaret Knapp suffered a broken collar bone and Larry Sheets had internal injuries. It was only a miracle that they all escaped so luckily. The children were all heroes by not getting panicky and the older ones, especially Alvin Shear and Gordon Grant helped them all out of

the van. Starr's Ambulance and Mr. N. Bragg took the seriously injured and some who were injured only slightly to the Holy Cross Hospital for a check-up. While the new van is being constructed the children will be taken to school by private cars.

Mr. Glen Petersen returned home from Vancouver last week end to visit his parents before leaving for Concordia College at Edmonton where he will resume his studies.

Mr. Simon Jensen has left for Edmonton where he will attend Concordia College.

Mr. Harold Christensen is attending the University of Alberta.

Mr. Harris Kroon leaves shortly to resume his studies at the University of Alberta.

Wheat Pool Patronage

The Alberta Wheat Pool desires to advise its members that it intends to carry on for the crop year 1946-47 on a co-operative basis paying a patronage dividend in keeping with the principles under which the Pool was formed. The following notice is published to comply with the provisions of the Income War Tax Act which was amended at the last session of the Parliament so as to tax co-operatives.

"As required by the Income War Tax Act, this will advise our members, as referred to in the said Act as amended, that, in accordance with the terms and conditions and within the time and limitations contained in the said Act as amended, it is our intention to pay a dividend in proportion to the 1947 patronage out of the revenues of the 1947 taxation year or out of such other funds as may be permitted by the said Act, and we hereby hold out the prospects of the payment of a patronage dividend to you accordingly."

NEW COMMISSIONER

TAKES OFFICE

Major-General Daniel C. Spry, Canada's youngest major general, took over the reins of office as Chief Executive Commissioner of the Boy Scouts Association in September 5th. Major General Spry, a native of Winnipeg, was a Wolf Cub and Scout in Calgary, became a King's Scout in Halifax, and was later a Rover and Rover Leader, also in Halifax. Among General Spry's decorations are the C.B.E. the D.S.O. More recently he was honoured by the Government of Belgium with the Croix de Guerre with Palm, and was made a Commander of the Crown with Palm.

Come Wind... Come Weather...

**ELECTRICAL
POWER IS
DEPENDABLE**

BEHIND the switch that brings you instant fingertip service lies the constant vigilance of many men. Through the dark hours of the night, when you and your neighbors sleep, their unceasing watch goes on. In summer cloudburst and wintry blizzard discomfort and oftentimes danger are their lot, but in the safeguarding of those slim wires traversing the countryside to your house and the house next door and the thousands of homes beyond that, lies their duty.

To them there is no such thing as service beyond the call of duty, for they know only the importance of uninterrupted electricity. They know that necessity is heedless of time and that emergencies may come at any hour. They know that when sickness strikes at night light is the first demand. Light that is gained at the flick of a fingertip with no thought that it might not be there.

That is your tribute of which they are so proud... you took it for granted. That is the way they want you to continue to feel, that **ELECTRICAL POWER IS DEPENDABLE.**

Local News Items

Carrying out the exchange of pulpits for Temperance Sunday, Rev. A. Hamilton went to Gleichen while Rev. Burnett of Edmonton conducted service in Strathmore United. Mr. Burnett combines pathos and humor in an effective manner. His appeal to the youth to guard against the evils of strong liquor was very sincere and forceful.

Mr. Lawrence Way left on Tuesday for Edmonton where he will continue his studies at the University.

A note from Mrs. Wertenberger of Estevic, Alberta, this week says that up to date they have had no snow in that area, crops are good to fair, and threshing is in progress, although on Friday last it was rainy and cool. Many Strathmore people will remember Mrs. Wertenberger who for years was a resident of Strathmore, before moving north.

Mrs. Henderson was a guest in Canmore from Thursday to Monday, where she attended the wedding of her brother.

Mr. and Mrs. Dee Polk and their daughter Dorothy of Vermilion spent the hours between bus and train time Saturday last with Mrs. Polk Sr. in Strathmore. Mr. and Mrs. Walter Mercer and two children also came in making the family party complete. Miss Dorothy Polk is studying music at Mt. Royal College.

Miss Betty McMurray spent the week end with her parents in Strathmore.

Mrs. North is recovering satisfactorily from a minor injury she received Monday, when she fell backward into a ditch to avoid a passing pony.

Miss Margaret Siskie spent the week end at her home in Drumheller.

Mrs. G. H. Patrick entertained a few friends at a delightfully informal luncheon Monday afternoon.

Mr. Percy Bolton formerly a frequent visitor to Strathmore when showing films of the Department of Extension of the University of Alberta has been appointed Supervisor of Films in Calgary, Public Library.

Mr. and Mrs. Kennedy reported back to work at the station on Monday, following a holiday of one month spent in B.C.

Mrs. Harley Willson accompanied her daughter, Mrs. Verne Krueger and baby to Stettler Wednesday where Verne is employed in the McTaggart Garage Co. They have secured a comfortable suite, and will reside there for the future.

Misses Grace and Mary Risdon have secured positions in Calgary, and are now located in the Foothill City.

Reserve Monday evening, September 20th for the Home and School Meeting in the Dining Room of the Memorial Hall. In addition to the addresses by Rev. S. J. Parsons of Calgary an interesting film "This is Canada" will be shown. Invite your friends to enjoy this entertaining evening.

Thursday, October 10th in the Memorial Room of the United Church the Sunday School will hold a Bean Supper to which everyone is invited. An interesting program is being arranged. Plan to attend and lend your support to the Sunday School.

The Women's Auxiliary of United Church will meet Thursday, October 3rd at Mrs. Andy Scott's home.

A meeting to discuss the problem of Tuberculosis will be held in the Strathmore School Thursday evening, September 26th, when Mr. George Pettinger, Secretary of the Alberta T.B. Association will be present and will speak.

Work has been undertaken in earnest in preparing the old Bank of Commerce corner, opposite the Royal Bank as the site of Siemens' Garage. The ground has been levelled and much of the foundation has been filled in.

Successful Auction At Dairy Farm

Despite rather poor weather, there was a good crowd at the auction sale held on Wednesday at the Strathmore Dairy Farm to dispose of dairy cattle and surplus dairy equipment.

Turn out in the morning, however, when small machinery and apparatus was sold, was rather poor. The main attraction was the large number of good dairy cattle put under the block.

Highest price for a single animal was \$280.00, while the largest single purchase was for forty-four head of cattle. This purchase was made by Mr. Oliver, representing the Cardston Dairy Co-op. Average price of the animals sold was in the neighborhood of \$150.

The horses were sold at canning house prices, . . . no desire being evinced for them. The barn and clubhouse also were sold, but two or three smaller buildings were not purchased, and Mr. Klaiber intends to pull these down for lumber through the season. The Ladies Aid, which served lunch netted the amount of \$35.00 from their efforts.

NAMAKA WELCOME HOME PARTY

The "Welcome Home" for the returned men held in the hall at Namaka on Friday evening was a decided success. While a number of the boys could not be present there was a good representation.

The hall was tastefully decorated with red, white and blue streamers and flags.

A program furnished by Namaka artists was much enjoyed. Musical numbers, comic skits and readings were given and the duet rendered by Ruben Watts and Don MacLean was worth a whole evening's entertainment. We suggest that Ruben and Don have found their life's work.

After the program a delicious supper was served on tables decorated with fall flowers.

Mr. Wm. Fawkes acted as chairman and toasts were given to the King, by Mr. George MacLean, to the boys by Mr. A. Thomson, and to the ladies by Mr. Earle Baker. Mr. Harold Wooster and Mrs. L. Aitkens, respectively, responded.

On behalf of the community, Mr. H. E. Thomson then presented each boy with a leather bill-fold and Mrs. Watts was given an engraved motto in honor of her son Marshall.

On behalf of the Red Cross, Mrs. L. Aitkens presented Mrs. Bernard Mas on with a pair of embroidered pillow cases, welcoming her to our community as the last war bride to come to Namaka district.

The party then retired to the upstairs where they danced to the strains of Brommer's orchestra.

The committees in charge wish to thank all those who helped to make the evening a success and thanks especially to those who contributed to the program, and to the musicians who played for the dance.

Scouts Hold Investiture

Monday night the Strathmore Scout Troop invested as members two more boys, Georges and Raymie Palardy.

The investiture, an impressive ceremony conducted by the Scoutmaster, Chuck MacLean, and assistant Scoutmaster Fred Wilkinson, was at the close of the Meeting, during which the boys heard an excellent talk on "Thrift" from R. J. Milligan, chairman of the Group Committee, and played a rousing outdoor game called "Clumps."
